

Recover 4 Recycling

Company Profile

NRC

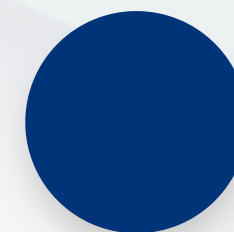

Negombo Recycling Club Pvt Ltd

BUSINESS OVERVIEW

Established in 2022, Negombo Recycling Club Pvt Ltd (NRC) is a dedicated recycling enterprise committed to transforming plastic waste into value-added raw materials and upcycled products.

Our mission extends beyond recycling; we aim to empower communities by actively engaging them in the collection, sorting, and recycling of plastic waste, ultimately contributing to a cleaner, more sustainable environment.

OUR VISION

"To create a Sri Lanka where nothing is wasted, neither our resources nor the potential of our people."

OUR MISSION

Turning Today's Waste into Tomorrow's Value. We recover responsibly, recycle innovatively, and empower locally, making your business 100% sustainable.

MILESTONE

2023

Expanded NRC's network to over 100 collectors for plastic waste collection, strengthening its position in the industry.

2023

Recovered 500,000 kg of post-consumer PET bottles for recycling, contributing significantly to environmental sustainability.

2024

Secured a US\$1.5 million grant from the World Bank to support the achievement of the PLEASE project goals in Sri Lanka.

2025

Established 10 new MRFs across 10 districts and completed a state-of-the-art HDPE/PP/HIPS recycling facility.
